- Insulating wire splices
- Protecting conduits, appliance repair work, wire harnessing
- Industrial maintenance

Product Benefits

- Flame retardant
- Cold Resistant
- UL approved
- CSA certified

Technical Properties

Total Thickness	8.0mil
Adhesive Type	Synthetic Rubber
Carrier Type	PVC
Color	Black
<i>Values shown are typical. Certified test reports for writing specifications are available.</i>	

Adhesive Test Data

Adhesion: 16oz/in.
Voltage break-down: 9KV
Tensile Strength: 16lb/in.
Elongation: 200%
Temperature Resistance: 14°F~176°F

The information given and the recommendations made herein are based on our research and are believed to be accurate but no guarantee of their accuracy is made. In every case we urge and recommend that purchasers, before using any product in full scale production, make their own tests to determine to their own satisfaction whether the product is of acceptable quality and is suitable for their particular purposes under their own operating conditions. The products discussed herein are sold without any warranty as to merchantability of fitness for a particular purpose or any other warranty, expressed or implied. No representative of ours has any authority to waive or change the forgoing provisions but, subject to such provisions, our engineers are available to assist purchasers in adapting our products to their needs and to the circumstances prevailing in their business. Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendation to practice any invention covered by any patent, without authority from the owner of the patent.
